

FLORA BY T

Flora by T is a fine art floral design studio based in Melbourne, Victoria.

Our floral designs reflect the flawless beauty evident in nature.

We are so looking forward to working with you to design a timelessly elegant day.

"I would rather share one lifetime with you than face all the ages of this world alone."
—J. R. R. Tolkien

Flora by T wants to help you create your fairytale wedding day, whether it is a lavish affair or an elopement on a mountainside.

We try to be as sustainably conscious as possible through buying locally through great Flower Farms throughout Victoria, not using foam + plastic products that aren't reusable and if you and your guests decide not to take flowers home at the end of the night, they are delivered to local aged care homes for the elderly to enjoy.

This is your special day, and we want it to be perfect. Your bouquet will reflect your style, taste and the very essence of you. We love sentiment, so if you have a favourite flower or a favourite memory, tell us and we can design your bouquet around it.

The bridal party gives lift to the ceremony. Your maids bouquets are made to compliment yours in the way they support you on your special day. The groom and groomsmen's buttonholes add a touch of delicate elegance to their sharp look.

We personally deliver the bridal party their own florals, designed especially for them.
